PROFESSIONAL SUMMARY

Full Stack Engineer with hands-on experience designing and deploying production-grade SaaS platforms, CRM systems, and multi-tenant applications serving 1000+ end-users. Strong command of backend architecture, REST API design, RBAC, and database performance optimization.

Delivered multiple full-stack products across business, education, and NGO domains with a focus on scalability, reliability, and clean code. Actively sharpening skills in Data Structures, Algorithms, and System Design for product-based company roles.

TECHNICAL SKILLS

- **Languages:** JavaScript, TypeScript, Java
- **Frontend:** React.js, Next.js (SSR/SSG), Tailwind CSS, Redux Toolkit
- **Backend:** Node.js, Express.js, REST API Design, JWT Authentication, RBAC, Modular Architecture
- **Database:** MongoDB, Data Modeling, Indexing, Query Optimization
- **DevOps & Infrastructure:** Docker (containerisation, Docker Compose, multi-stage builds), Git, GitHub, Vercel
- **CS Fundamentals:** Data Structures & Algorithms, DBMS, Operating Systems, OOP, Scalable System Design
- **Concepts:** Caching, Pagination, Lazy Loading, API Optimisation, Multi-tenancy
- **Tools & Integrations:** Postman, Razorpay, Google OAuth

WORK EXPERIENCE

Cosstech Solutions India Pvt. Ltd.

Jan 2026 – Present

Full Stack Developer

- Engineered and deployed production-grade SaaS and web applications using Next.js, Node.js, and MongoDB, actively serving 1000+ users.
- Designed secure REST APIs with JWT authentication and role-based access control (RBAC) for multi-role enterprise systems.
- Architected scalable backend systems following modular design patterns to ensure long-term maintainability and extensibility.
- Optimised API performance using pagination, selective projection, and query optimisation — reducing average payload size by ~40%.
- Improved database efficiency through strategic indexing and structured schema design.
- Built CRM systems managing 1000+ client records, cutting manual operational effort by ~50%.
- Containerised applications using **Docker** and Docker Compose for consistent local development and deployment environments.
- Integrated Razorpay payment gateway ensuring secure and reliable transaction handling.
- **Deployed Projects:** cosstechindia.com · yantraq.com · agniqtech.com · sarvatralabs.com · erohanfoundation.org

Flourishers Edge Pvt. Ltd.

Aug 2024 – Dec 2025

Frontend Developer

- Built responsive and SEO-optimised web applications using React.js and Next.js.
- Improved frontend performance, reducing page load time by ~25% through code splitting and lazy loading.
- Developed CMS dashboards for efficient content and user management.
- Collaborated with backend teams to integrate scalable REST APIs and third-party services.
- **Deployed Projects:** flourishersedge.com · swatantraindia.in · hindconventschool.com

KEY PROJECT

Fakhri IT Services Workspace

www.fakhriitservices.com

- Architected a full-stack SaaS platform combining a public website, CRM, and internal workspace into a single unified

product.

- Designed a scalable multi-tenant, multi-role system (Super Admin / Admin / Client) handling end-to-end business workflows.
- Platform actively used by 30+ employees and supports 1000+ client accounts.
- Built centralised admin dashboard covering client management, task tracking, and operations.
- Developed a client-facing dashboard providing real-time service tracking and workflow visibility.
- Implemented RBAC-driven REST API architecture with modular, reusable service layers.
- Optimised database schema using indexing and structured data modelling for high-read workloads.
- Containerised the entire application stack with **Docker Compose** for portable, reproducible environments.
- Applied caching and efficient data fetching strategies, improving system throughput and reducing load times.

EDUCATION

Bachelor of Technology – Computer Science & Engineering (AI/ML)

Technocrats Institute of Technology, Madhya Pradesh

2020 – 2024

CGPA: **8.80 / 10.0**

ACHIEVEMENTS

- **GATE 2026 Qualified** – Data Science & AI
- **GATE 2026 Qualified** – Computer Science

Score: 426 | AIR: 5078

Score: 434 | AIR: 13656
